

WVPEDTA RFP-TE-1-10 Addendum #2
January 22, 2010

Item #1:

Replace the entire Exhibit A: Draft Implementation Contract and B: Draft Maintenance Contract with the attached files. Note that the contract materials provided are draft only and final materials will be negotiated after selection. While efforts were made to provide as complete a package as possible and WVPEDTA believes all major considerations have been addressed, some minor portions are incomplete. For example, these draft contracts do not include all attachment forms. These forms are generally considered procedural in nature during the negotiation process. However, with the extension of the inquiry process, bidders are encouraged to make inquiries into any areas deemed critical for clarification prior to submission of bids.

Name of files included as attachments to this Addendum:

Exhibit A - WV TollSystem TE-1_10 Draft Implementation Contract_Addendum#2.pdf

Exhibit B - WV TollSystem TE-1_10 Draft Maintenance Contract_Addendum#2.pdf

Item #2:

On page 27, Section 5.3.2, 3rd paragraph replace “The highest and lowest score in each category of a Vendor’s score will be discarded and the remaining scores in that category will be averaged by the committee to determine the points awarded to the Vendor for that category” with “All scores in each category of a Vendor’s score will be averaged by the committee to determine the points awarded to the Vendor for that category”

Item #3:

A revised Microsoft Excel version of the Pricing Forms spreadsheet with the following calculation corrections:

Sheet 4: corrected Column D to use “4-1 Back Up Base Maint” sheet.

Sheet 4-1: unprotected columns B-6 through C-9.

These calculation corrections do not affect the PDF version of the pricing sheets.

Name of file included as attachment to this Addendum:

WVPEDTA_TollSystem_RFP#TE-1-10_PriceProposal_Addendum#2.xlsx

Item #4:

Replace the table on page 10, Section 1.19 with the following table:
